

NEW HOUSE SHOT AVERAGE RULES

The LIGBT has invested over \$20,000 in new software and hardware. Many of you have already noticed some of the changes including a movie screen now scrolling the results after each game. The new house shot average chart is posted below. If you have any questions on why your average changed please give us a call at 516.364.0890.

OLD RULES: LIGBT members used their sport shot average for house shot events and non-members took 20 pins off their highest composite average from the past 2 years. Cut scores were ridiculously high (770-800).

NEW RULES:

1. All bowlers that have bowled in previous house shot tournaments or marathons will already have a house shot average using the games they have already bowled.
2. If you have 50 or more house shot games there is no maximum drop. If you have less than 50 house shot games your house shot average cannot drop more than 20 pins below your original entering average (unless you are given an automatic re-rate.) **The 20 pin drop rule is used to protect against sandbagging.**
3. New bowlers that have never competed in an LIGBT house shot event will use their highest composite average from the past 2 years and WILL NOT RECEIVE A 20 PIN DROP!
4. When determining a new bowlers average, or anyone that has less than 9 house shot games, the following formula will be used until you have reached the 9 game plateau:
 - a. Your average for your first 9 games will be your entering average x 9 plus the games you bowl in house shot events. This number is divided by 9 + the number of games you bowled to determine your house shot average until you have 9 house shot games. After you have 9 house shot games your average is based on the actual games you bowled (including finals) but with a 20 pin maximum drop.
5. **Re-Rates:** All re-rates will be issued by the computer as follows: If your cashing ratio for your last 5 house shot events is 20% or lower (this means you cashed in 1 or no events in your last 5) your house shot average will be lowered by 5 pins. If you have cashed in 2 or fewer events in your last 10 house shot tournaments your average will be lowered by 10 pins. Once your cashing ratio goes above 20% for each level (5 events and 10 events) you will lose your re-rate. The LIGBT will still manually re-rate a bowler for medical reason or if someone has an unfair advantage/disadvantage.
6. **Sandbagging Protection:** All qualifying games bowled after you make the finals (you decide to re-enter after you have made the finals) will not count towards your average.
7. **Sandbagging Protection:** Games that are 30% below your current average, or a series that is 25% below your current average will not count when determining your house shot handicap.
8. Games bowled in house shot finals will count towards your house shot average.
9. Bonus pins are not used in house shot tournaments. But if you don't cash in a house shot event you will earn bonus pins for each squad you don't cash. You will NOT lose bonus pins if you do cash in house shot events. The bonus pins you earn in house shot events will only be used if you bowl in sport shot events.
